Fair and sustainable economy !

Quality of life

Carrying capacity

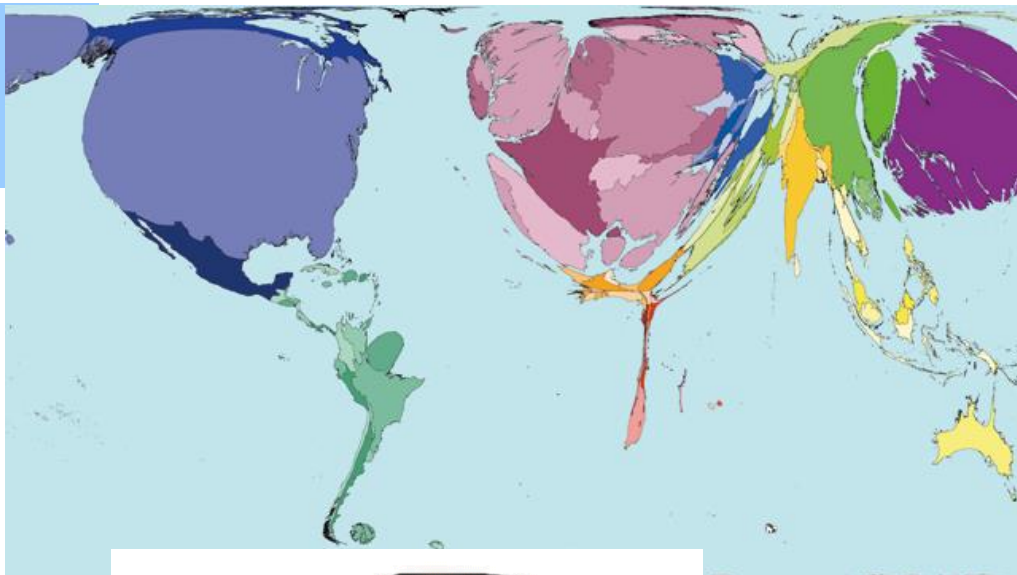

Participation and democracy

Justice

Global Economy ?

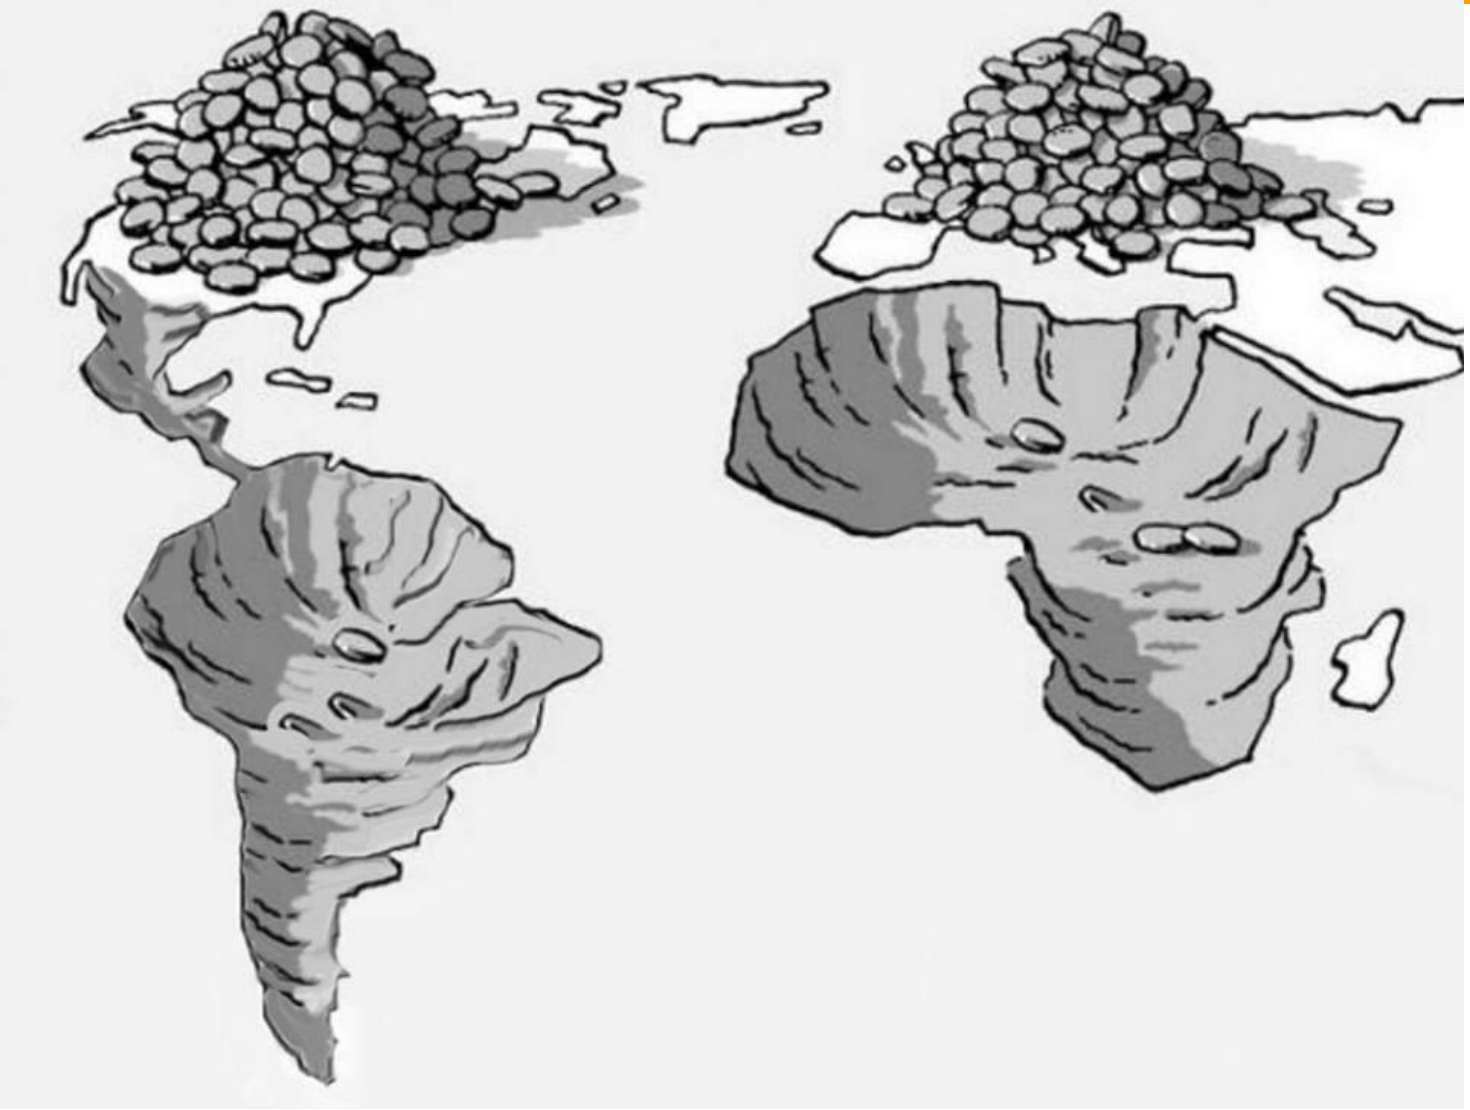

Over- and underconsumption – no justice !

ANPED

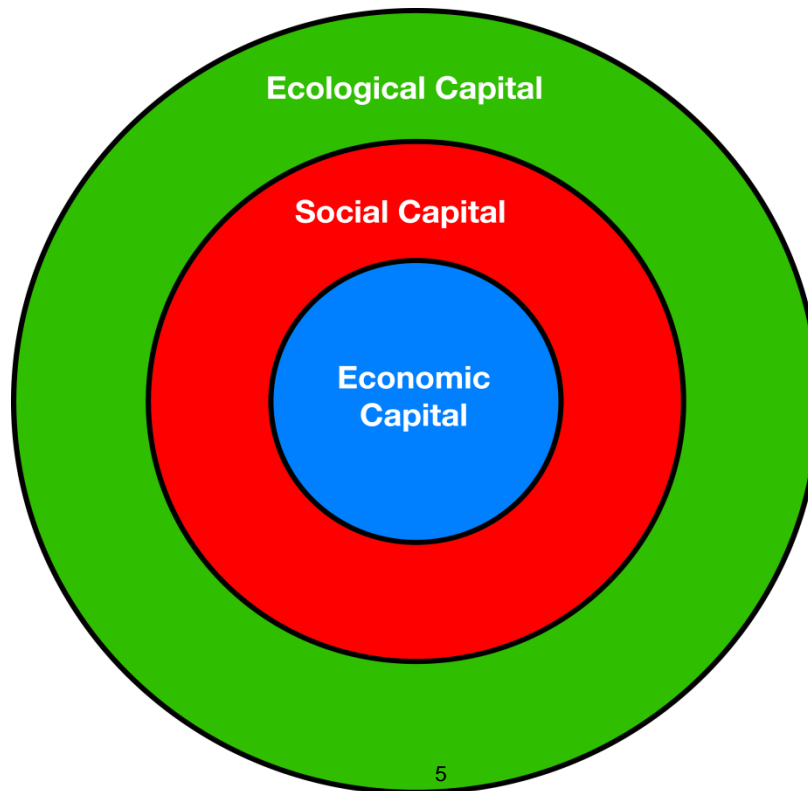

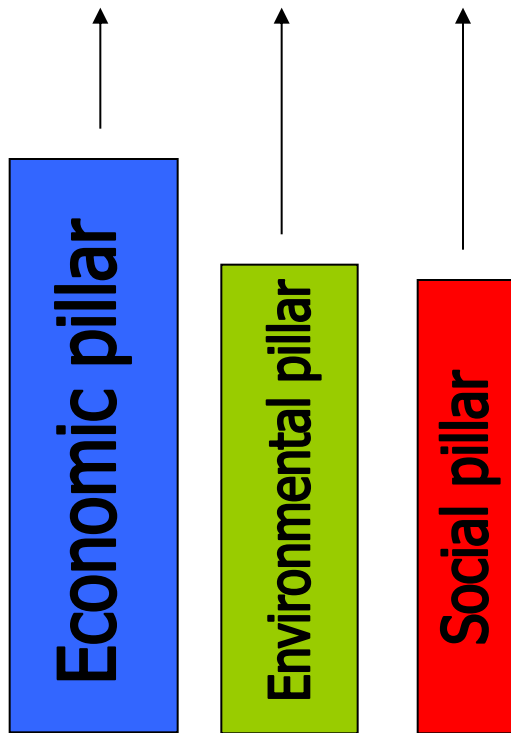

NORTHERN ALLIANCE for SUSTAINABILITY

Planetary boundaries!

Sustainable development ?

Or recognition of limits !

Counting the Cost

Corporations and human rights abuses in the Niger Delta

Environmental conflicts

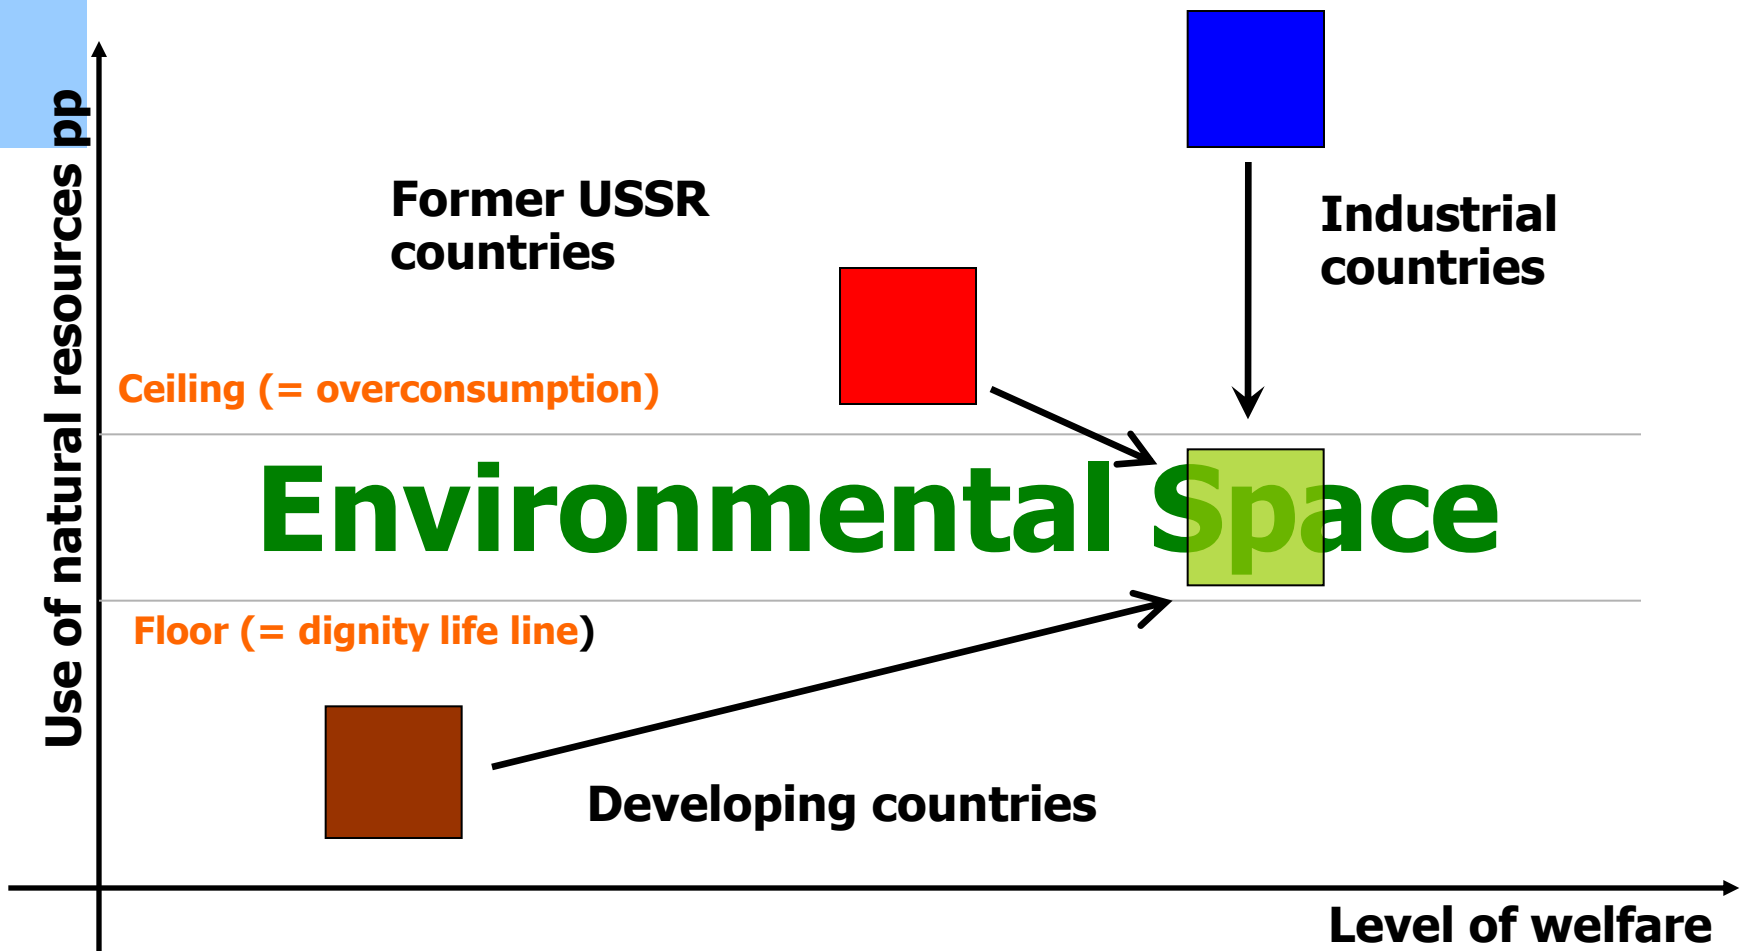

- Threat for democracy
- Social dramas – for most the vulnerable groups

ANPED 'Contraction and Convergence'

NORTHERN ALLIANCE for SUSTAINABILITY

Based on Rochol

Using existing and develop legal frameworks:

- Aarhus convention
- Recognise criminal crimes and ecocide
- International court for environmental crimes
- Corporate accountability
- Refocus share holder values

A developed country
is not a place where
the poor have cars.
It's where the rich
use public transport.
- Gustavo Petro, Mayor of Bogota
