

GEORANGE

- Non-profit organization
- 70 members
- Municipalities, organizations, universities and privat companies

GEORANGE

- GEORANGE main task is to expand the concept of "development" in the mining and minerals industry.

GEORANGE

1. To secure a recurring meeting place for mining, mineral and associated industries in the north of Sweden.

GEORANGE

2. Finding and forming a working network of companies, academic and public participants

GEORANGE

3. To create constructive and efficient methodologies to be used in case of activities overlapping in time within the same land areas.

GEORANGE

4. To develop competitive companies within environmental techniques.

GEORANGE

5. To increase public knowledge of Geology through investments into educational organizations.

GEORANGE

Bamse and the mining industry?

www.georange.se

GEORANGE

- Economic sustainability?
or.....
- Social sustainability?
or.....
- Ecological sustainability?

GEORANGE

- The answer.....

All three at the same time!

But.....

Are we doing that?

GEORANGE

- What is most important?
- Who is to decide?
- How do we decide?

GEORANGE

www.georange.se

GEORANGE

- Knowledge?
- Respect?
- Constructive?

GEORANGE

www.georange.se

GEORANGE

- Do you need a "social licence" to operate?
- Do you need a "social licence" to operate from those who don't agree?

GEORANGE

www.georange.se

GEORANGE

HOW??

www.georange.se

GEORANGE

- I don't know.....
but some thoughts.

GEORANGE

www.georange.se

GEORANGE

Knowledge

- metals in a modern society
- knowledge about each other
- image

Dialogue

- early
- visit each other
- not only when it is needed

Respect

- listening
- "let's agree to differ"

GEORANGE

- Spend more time with people who disagree!

and Bamse.....

GEORANGE

Bamse and the industry?

- If you are strong you have to be kind!
